RE: Facility & Member Association COVID Guidelines – ALLIANCE Hockey Library

ALLIANCE Hockey has created an online library that houses both Facility and Member Association COVID Guidelines, accessible through this [LINK](#) and on the ALLIANCE Hockey website. With some teams travelling between numerous Facilities and the various guidelines associated with participation procedures, the library is intended to support Associations in accessing this information. Please note, this is a dynamic library and resources will be added and updated as received.

If you have a document/link that you can share with regards to your own Association COVID Guidelines and/or your various Facility Guidelines, please send to [Jill White](#) to add to the library.

A great example of Member Association Guidelines has been provided by Waterloo MHA, click [HERE](#) to view.

Thank you.
